

MISSION:

It is the intent of the participating counties to provide a crisis safety-net range of services for persons with developmental disabilities and /or related conditions.

These services are intended to meet the needs of individuals experiencing a crisis by providing and facilitating immediate and cost-effective services, which focus on preventative measures.

PURPOSE:

- To work interdependently with individuals, private providers, and public agencies in the Twin Cities metropolitan area.
- To prevent the behavioral crises that affect the residential, work or educational placements for people with developmental disabilities and /or related conditions.
- To reduce the use of hospitals and Residential Treatment Centers resulting from crisis situations.

HISTORY:

Mount Olivet Rolling Acres (MORA) founded the Metro Crisis Coordination Program (MCCP) in 1996 as part of a collaborative effort among the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott and Washington.

GOALS:

- To provide timely behavioral consultations and assessments.
- To operate in conjunction with existing services.
- To reduce the need for psychiatric hospitalizations and allow people to successfully remain in the community.

MCCP will help facilitate the referral process for more extensive or specialized services if necessary. MCCP actively supports and refers individuals and providers to long-term behavioral assessment and support services provided by private and public agencies.

SERVICES:

- Preventative behavioral interventions, assessments, and crisis support planning.
- Technical assistance and training to Families, Day Programs, Schools, Residential Programs, and Care Providers serving individuals with developmental disabilities and /or related conditions.
- 24-hour emergency telephone consultation, call 612.202.6311.
- Maintenance of a centralized database of additional behavioral support services afforded to individuals with MR/RC and those who support them.
- Coordination of transitional housing and staff or care provider augmentation.
- Support to reduce behavioral crisis that adversely affect the residential, work or educational placements of people with developmental disabilities and /or related conditions.

REFERRALS:

All referrals for behavioral support can be initiated by contacting the Metro Crisis Coordination Program at 612.869.6811 or 952.767.3125.

COST:

There are no fees to the individual or those engaged in supporting them. The utilization of MCCP's services does not affect the financial supports currently available to the individuals or their representatives. MCCP services are available to all individuals with a qualifying developmental disability and /or related condition who live within the seven-county metro area.

PERSONNEL:

MCCP's team includes behavior analysts, social workers, psychiatric nurses and consulting psychiatrists and psychologists. MORA offers administrative support and guidance.

MORA is a private, nonprofit agency and has provided residential and other services to people with developmental and other disabilities for over 40 years.

Additional support and oversight are provided by a steering committee comprised of personnel who serve people with developmental disabilities from the seven metro county sponsors.
